The following proposal pertains to the establishment of a dual degree program, that is, “a program of study offered by two or more universities or by a university and a college or institute, including Institutes of Technology and Advanced Learning, in which successful completion of the requirements is confirmed by a separate and different degree/diploma document being awarded by at least two of the participating institutions, of which one is York University”, as defined by YUQAP. The proposed program combines: (1) the International Bachelor of Arts (iBA) in International Studies (ILST) at the Glendon campus of York University; and (2) the Bachelor of Business Administration (BBA) offered by EM Lyon Business School at its St. Etienne campus in France.

About EM Lyon Business School

EM Lyon is well known for its emphasis on entrepreneurship, international business and innovation. The school was ranked #1 incubator in France and its MBA program is ranked among the best in the world. The EM Lyon Business School also places great emphasis on experiential education and its BBA program includes business games, team work and technology-mediated business simulations in addition to actual corporate internships and business start-ups. EM Lyon offers courses in French and in English.

EM Lyon holds three of the world's most important business school accreditations:

1. AACSB (Association to Advance Collegiate Schools of Business), which is an American-based accreditation held by Yale University, Columbia University, Harvard University, Cornell University, etc.

2. AMBA (Association of MBAs), which is based in London, UK. This global accreditation agency is mainly present in Europe. In Canada, Schulich School of Business (York University), Telfer School of Management (University of Ottawa) and HEC (Montréal) are AMBA accredited.
3. EQUIS (EFMD Quality Improvement System), based in Brussels. Schulich School of Business, along with 21 other Canadian business schools are EQUIS accredited.

About Glendon

York University’s Glendon Campus offers 21 undergraduate bilingual programs of study to almost 2800 Francophone and Francophile students. Bringing together the most popular fields in human and social sciences, the programming comprises high quality programs of study, including French Studies, Translation, Political Science, Economics, History, as well as several interdisciplinary programs in International Studies, Canadian Studies, Linguistics and Language Studies, and Multidisciplinary Studies. In 2015-16, Glendon added two BSc programs in Psychology and Biology. At the graduate level, Glendon offers four master's programs: French Studies, Translation, Conference Interpreting, and Public and International Affairs. The latter is part of the School of Public and International Affairs which, since 2008, offers students a bilingual education in public affairs, including a summer internship with the government or an NGO. Finally, Glendon offers a doctoral program in Francophone Studies.

For nearly 50 years, Glendon has been offering a bilingual university education in the liberal arts. The value of this education is made manifest by the success and notoriety of a significant number of its graduates. It is also visible in the quality of students currently pursuing their studies at Glendon and in their high degree of satisfaction with their university experience.

As the only institution in southern Ontario to offer a variety of academic programs in French, Glendon has a special responsibility to the Francophone community and the Francophile student population of the region. In 2008, the Ontario government recognized its crucial role by providing a $20 million capital infrastructure investment, and by designating Glendon as the Centre of Excellence for French and bilingual postsecondary education in southern Ontario.

As the hub for university education in French in Central and Southwestern Ontario, Glendon intends to continue to strengthen its existing programs and develop new programs in collaboration with many academic partners across the province, Canada and around the world. The proposed partnership with EM Lyon Business School aims at strengthening the deployment of these new programs in order to increase Glendon’s capacity and to strengthen the ties it has developed over the last fifty years with the international Francophonie.

(i) Objectives and Program Content

Alignment with Faculty and University Plans

The Strategic Mandate Agreement between York University and the Ministry of Training, Colleges and Universities (MTCU) lists Glendon’s bilingual programming as both an area of institutional strength and a key area of differentiation. Business administration is one of five new programs that are part of York’s strategic enrolment plan to expand French-language and bilingual programs and enrolments at Glendon. Business administration has also been

---

recognized by the Ministry as a target for bilingual programming, and funding has been made available to Glendon for this purpose. ²

A Canadian leader in the delivery of bilingual education³, Glendon was recognized by the Ontario government as the Centre of Excellence for French-language and Bilingual Postsecondary Education in southern Ontario in 2008.⁴ Expansion is already underway with a new building, new meeting and study space as well as capacity to offer additional programming with important implications for southern Ontario and York University.

Moreover, the 2015-2020 Glendon Academic Plan prioritizes efforts to increase the number of French-language students on the campus.⁵

The proposed dual degree program iBA Glendon – BBA EM Lyon is built upon Glendon’s international orientation and bilingual capacity and responds to the need for bilingual business education in the central and southwest regions of Ontario. This program will allow students enrolled at Glendon to complete their 3rd and 4th years of a BBA at EM Lyon, while EM Lyon students will come to Glendon to complete their 3rd and 4th years to obtain an iBA from Glendon – York University. At the end of the program, students will receive both credentials: an iBA from Glendon – York University and a BBA from EM Lyon. The program has been structured so that both Glendon – York University and EM Lyon will recognize the equivalent of 60 credits of courses taken at the other institution.

The EM Lyon BBA program is well aligned with Glendon’s iBA in International Studies program which focuses on bringing international perspectives and experiences to a university degree. The dual degree program will thus marry a business education together with a liberal arts education, with an international orientation. Glendon’s excellence in languages and cross-cultural studies makes it an ideal match for students seeking to gain a bilingual business education. The ILST program puts emphasis on a broad interdisciplinary and multicultural conception of international society. It offers students the opportunity of developing a systematic understanding of the problems and potentialities of international society, with special reference to its historical, philosophical, strategic, legal, economic and cultural dimensions.

To reflect the multicultural nature of the Greater Toronto Area’s business community, the dual degree program will be built on the long collaborative history between Ontario and the Rhône-Alpes region. EM Lyon Business School is part of France’s Grandes Écoles network and normally ranks among the top five business schools in France and among the 15 best in Europe. The association with an internationally renowned institution as EM Lyon will enable Glendon to optimize its recruitment strategy by building on the reputation of EM Lyon.

This arrangement will create a program based on a long-standing foundation of over 140 years of business education at EM Lyon and nearly 50 years of language training and liberal arts education at Glendon. Given Glendon’s expertise in languages and the fact that business success and economic globalization require proficiency in several languages, the program will offer students the possibility of a bilingual (French/English) education.

---

York University’s Schulich School of Business is also willing to consider seconding some of its faculty members, especially French-speaking ones, to teach business courses at Glendon. In addition, some of the students entering this program through Glendon could, instead of going to EM Lyon for their 3rd and 4th years of the BBA, be admitted into the BBA program at Schulich in the second year. Students who no longer wish to go to France after their second year will be redirected to another Glendon program. The International Studies and Business Economics programs would be the most natural fit.

The main features of the program are:

- Dual degree: Glendon Honours iBA and EM Lyon BBA.
- Two years at Glendon + two years at EM Lyon.
- The program is designed as a bilingual program: the language of instruction will primarily be French, with the opportunity to take courses in English at Glendon and EM Lyon.
- Students will participate in two internships in France, Canada or in a country where French is an official language.
- Effective Date: September 2016.

The program will offer a variety of specializations based on the expertise available at EM Lyon, Glendon and York:

1) Functional specialization:
   - Finance
   - Accounting
   - Marketing
   - Management

2) Specialization by sector
   - Leadership and Management of Non-Profit Organizations
   - Business Consulting
   - Communications and Media Management
   - e-commerce
   - Entrepreneurship

Note: The areas of specialization offered in this program will be determined based on the expertise of Glendon faculty and the availability of specialized courses at EM Lyon.

- **International Orientation**

The program will have a strong international focus, reflecting the current International Studies curriculum and also thanks to Glendon’s location in Toronto, a global city.

- **Experiential Education**

Toronto offers many opportunities for student placements and internships in the bilingual business community. Placements/internships in a Francophone or bilingual environment would offer students another opportunity to work in French and to explore cross-cultural business issues. Students admitted to the dual degree program could also take advantage of placements/internships in French companies affiliated with the France-Canada Chamber of Commerce. Students will also complete placements/internships while at EM Lyon.
Combining Theoretical and Practical Approaches

The courses offered both at EM Lyon and at Glendon will be taught both by faculty and by bilingual practitioners from outside the University.

Analysis of Student Demand

• General Demand

Business tends to account for a significant proportion of enrolment in small, liberal-arts oriented institutions comparable to Glendon: Acadia 16% (512 students total), Bishop’s 27% (735), Huron University College 18% (252), Mount Allison 10% (250). Trent, which is not particularly known for business, sits at 11% (690).

• Demand for a Glendon Program

In general, languages are understood to be highly complementary to work in the global marketplace where business increasingly transcends borders; English and French continue to be critical in the Canadian context. Internationally, according to Bloomberg Business, French is the most useful business language after English and Mandarin. Glendon’s language focus is reinforced by a strong international orientation as well as our location in Canada’s business capital. With a working capacity in both English and French, graduates of our program would be well prepared for careers in multinational firms, international NGOs geared to development, and national head offices based in Toronto or with Quebec-based organizations.

• Target Markets

Graduates of Ontario’s French-language high schools – the dual degree program would be the only bilingual business offering in Southern Ontario and would attract a significant number of local Francophones seeking to continue their studies in their native language. Francophones from northern and eastern Ontario would also be attracted by Toronto. These Francophones usually also speak English fluently.

French immersion graduates – there is a large pool of French immersion students in the GTA who seek professionally-oriented programs. These students have a demonstrated interest in Glendon’s bilingual model: they understand the advantages of maintaining the proficiency in French they have worked so hard to achieve, and have the ability to study in both languages from the outset. They tend to be academically strong students, and many prefer to stay close to home.

There is a sizeable local community of Francophone new Canadians seeking business-oriented credentials. They often require a French-language option for university study while they learn English. They could learn English while being at Glendon.

Visa students – a Toronto based, language-enhanced Business program should draw Francophones from outside Canada who wish to study in their native language and learn

Enrolment Projections

There is currently no French-language Business program in Southern Ontario even though there is a great demand for business programs leading to a BBA in the GTA. Glendon’s partnership with EM Lyon would allow York University to build on Glendon’s emphasis on language training to offer a bilingual program. The projected enrolment in the dual degree program is 25 students per year. These enrolment projections are based on the projected growth in applicants from French-language secondary schools and from French-language immersion schools. Ontario secondary school students graduating with the Specialist High Skills Majors in Business will create a great pool of potential applicants.

(Underlying Assumptions: 1-Year Retention Rate = 90%; 2-Year Retention Rate = 80%.)

These enrolment projections include first-year intake and the anticipated steady-state enrolment in 2020. Glendon has received funding from the province to provide the necessary human (faculty and staff), physical and financial resources to support the program.

Resources

The program will comprise new and existing courses. Three new faculty positions in business administration have been approved by the Vice-President Academic and Provost and advertised to ensure the delivery of business courses in finance, management, project management, and marketing. Current faculty members in the Department of International Studies, as well as in other departments such as Economics/Business Economics and Mathematics, will also support the program. The recruitment of new professors and lecturers for the academic year 2016-17 will leverage Glendon course offerings to better prepare Glendon students for their 3rd and 4th years at EM Lyon. A program coordinator will be needed. There will also be a need to coordinate internships and placements. Educational resources in business will be acquired to strengthen the entrepreneurial and commercial side of the Frost Library. All new staff and faculty positions will be financed by the Ministry of Training, Colleges and Universities (MTCU).

Partnerships

The dual degree program may benefit from the resources of York’s Schulich School of Business. A number of Schulich faculty members, some of whom speak French fluently, may be called upon to teach business courses at Glendon. Glendon will also benefit from the extensive expertise of professors from EM Lyon. The ability to offer specialized courses in a block format during the summer on the Glendon campus by professors from EM Lyon and other universities in the Francophonie could also be explored.

(ii) Admission Requirements

Students enrolled in this dual degree program will have to meet both the existing admission requirements for the Glendon IBA in International Studies and the requirements of the EM Lyon BBA Program. The admission requirements also reflect those of the Schulich School of
Business BBA program. Furthermore, French and English 4U are both required. These additional requirements apply solely to the cohort of students entering the dual degree program. They do not apply to students who want to major in ILST only.

Admission to the dual degree program will be based on several criteria:

1. Academic background and performance

Ontario applicants must present an Ontario Secondary School Diploma (OSSD) or equivalent with a minimum of six 4U and/or 4M courses including:

- 4U English (ENG4U) or 4U French (FRA4U, FIF4U or FEF4U)
- 4U Advanced Functions (MHF4U)
- 4U Calculus and Vectors (MCV4U) or 4U Mathematics of Data Management (MDM4U)
- No more than two 4M courses will be considered
- a minimum of 70% in prerequisite courses

To be considered for admission as a mature applicant, a prospective student must:

- be at least 20 as of the first day of classes;
- have been out of full-time high school studies for at least two years or have returned to upgrade after a two-year absence;
- have attempted less than one full year of studies at an accredited college or university;
- not have an unfavourable academic record;
- have demonstrated potential for success through academic, professional or volunteer activities, and other accomplishments.

- present an Ontario Secondary School Diploma (OSSD) or equivalent, including:
  - 4U English (ENG4U) or 4U French (FRA4U, FIF4U or FEF4U) or equivalent
  - 4U Advanced Functions (MHF4U) or equivalent
  - 4U Calculus and Vectors (MCV4U) or 4U Mathematics of Data Management (MDM4U) or equivalent
  - No more than two 4M courses will be considered
  - a minimum of 70% in prerequisite courses or equivalent.

To be admitted as a university transfer student, an applicant will be required to:

- have completed at least four full-year courses or one year of full-time studies at an accredited university;
- have obtained a minimum overall average of 2.3 on a 4-point scale (C+/65% or equivalent);
- present an Ontario Secondary School Diploma (OSSD) or equivalent, including:
  - 4U English (ENG4U) or 4U French (FRA4U, FIF4U or FEF4U) or equivalent
  - 4U Advanced Functions (MHF4U) or equivalent
  - 4U Calculus and Vectors (MCV4U) or 4U Mathematics of Data Management (MDM4U) or equivalent
  - No more than two 4M courses will be considered
  - a minimum of 70% in prerequisite courses or equivalent.
To be admitted as a college transfer student, an applicant will be required to:

- have completed a diploma program or at least two full semesters or one year of full-time studies at an accredited college;
- have maintained a minimum overall average of 3.0 on a 4-point scale (B/70% or equivalent) including all attempted courses;
- present an Ontario Secondary School Diploma (OSSD) or equivalent, including:
  - 4U English (ENG4U) or 4U French (FRA4U, FIF4U or FEF4U) or equivalent
  - 4U Advanced Functions (MHF4U) or equivalent
  - 4U Calculus and Vectors (MCV4U) or 4U Mathematics of Data Management (MDM4U) or equivalent
  - No more than two 4M courses will be considered
  - a minimum of 70% in prerequisite courses or equivalent.

2. Supplementary application requirements

In addition to the academic requirements, the following selection tools will be used:

**Bilingual Digital Portfolio**
The e-portfolio/digital application is a presentation of goals, motivation, achievements, and academic background and experience intended to demonstrate as clearly as possible the student’s reasons for applying to the iBA Glendon – BBA EM Lyon program.

**Bilingual Interview (30 minutes)**
An interview panel will meet the candidate and decide whether this latter will be able to get the most out of the program.

(iii) **Structure**

The iBA Glendon – BBA EM Lyon dual degree program has been structured so as to ensure that it meets the degree-level and program-level expectations of the iBA in International Studies at Glendon – York University. In fact, the academic requirements of this iBA delivered by Glendon – York University remain unchanged.

Since the dual degree program will be structured as a 2 + 2 program, that is to say, two years at Glendon and two years at EM Lyon, there will be two possible entry points at Glendon: (1) in the first year (henceforth identified as Direction Glendon → EM Lyon); and (2) in the third year (coined Direction EM Lyon → Glendon).

**Direction Glendon → EM Lyon**
In the Direction Glendon → EM Lyon, Glendon students will receive in their first two years at Glendon a liberal arts education in International Studies and take introductory business courses which will prepare them for their third and fourth years at EM Lyon. In order to accomplish both objectives, the first two years at Glendon will be completely dictated. That is, all courses will be required and there will be no electives. The courses to be taken in each of these two years are outlined in Appendix A. Additional EM Lyon courses necessary to fulfill the iBA requirements are also specified. Course descriptions are available in Appendix B. We demonstrate below how the requirements of Glendon’s Honours iBA in International Studies will be met:
Program Requirements

Honours iBA: 120 Credits

a. Major requirement: students must complete 42 credits in International Studies (ILST) and/or from the list of approved courses*, as follows:

- **GL/ILST 2644 6.00** International Society: History, Philosophy and Theories (1st year at Glendon);
- **GL/ILST 2655 6.00** Global Geography: Physical and Human Aspects (1st year at Glendon);
- **GL/ILST 2622 3.00** Culture, Globalization and International Civil Society (2nd year at Glendon);
- 9 major credits at the 3000 level, as follows:
  - **GL/ILST 3250 3.00** International Economics and Development (2nd year at Glendon);
  - **GL/ILST 3505 3.00** Research in International Studies (2nd year at Glendon);
  - **GL/ILST 3650 3.00** International Peace, Security and Human Rights (2nd year at Glendon);
- 12 major credits at the 4000 level, as follows:
  - **GL/ILST 4501 3.00** Séminaire Envol/Capstone Seminar (4th year; joint course between EM Lyon and Glendon);
  - 9 additional major credits at the 4000 level:
    - **GL/ILST 4260 3.00** International Finance (2nd year at Glendon);
    - International Business, 5 ECTS (4th year at EM Lyon);
    - International Negotiation, 5 ETCS (4th year at EM Lyon);
    - GRH à l’international, 5 ECTS (4th year at EM Lyon);
- six additional major credits at any level:
  - **GL/ECON 1000 3.00** Introduction to Economics: Microeconomics and **GL/ECON 1010 3.00** Introduction to Economics: Macroeconomics (ILST approved courses; 1st year at Glendon).

Courses taken to fulfill the major requirements may also be used to fulfill the iBA requirements.

*Note: The list of ILST approved courses is available in Appendix A.

b. General education requirement: every Glendon student shall complete the equivalent of at least six credits in each of three of the four general education divisions (for a total of 18 credits): humanities, modes of reasoning, natural science, social science.

The following courses will contribute to fulfilling the Gen. Ed. Requirement: **GL/ILST/HUMA 2644 6.00**, **GL/ILST/SOSC 2655 6.00**; and **GL/MATH/MODR 1610 3.00** and **GL/MATH/MODR 1620 3.00**; all to be taken in the 1st year at Glendon.
c. **Bilingual requirement:** for the bilingual iBA, students must complete at least 18 credits in each official language (English and French). At least 6 of these credits must be completed at Glendon from the following two categories:

- French as a second language and/or in English as a second language at the 2000 level or above;
- discipline courses which are designated as satisfying the bilingual requirement.

The remaining 12 credits in either official language may be completed abroad.

Note that all but two of the ILST courses listed under the major requirement are offered in both languages every year. The courses ECON 1000/1010 are also offered in both languages every year. Moreover, the following courses will be offered every year…

**in French:**

- GL/ADMI\(^\d\)1XXX 3.00 Introduction au droit des affaires (1\(^st\) year at Glendon);
- GL/ADMI 1XXX 3.00 Introduction à la gestion (1\(^st\) year at Glendon);
- GL/ADMI 2XXX 3.00 Introduction à la gestion des ressources humaines (2\(^nd\) year at Glendon);
- GL/ADMI 2XXX 3.00 Introduction à la gestion de projets (2\(^nd\) year at Glendon);
- GL/ADMI 2XXX 3.00 Introduction au marketing (2\(^nd\) year at Glendon);

**in English:**

- GL/MATH/MODR 1610 3.00
- GL/MATH/MODR 1620 3.00

Students will also have the possibility of completing courses in both languages at EM Lyon. Consequently, students will be able to fulfil the bilingual requirement by making appropriate language choices.

\(^\d\)Note: An identifier will be created for the business administration courses offered in the context of this dual degree program. We have tentatively used ADMI in this document.

d. **Internationally-oriented course requirement:** at least 12 credits of internationally-oriented courses.

This requirement is automatically fulfilled by the completion of ILST courses in the program.

e. **Exchange requirement:** at least one full term abroad as a full-time student at an institution with which Glendon and/or York has a formal exchange agreement.
Students will spend two years at EM Lyon. In order to receive credits for an EM Lyon course, students need to obtain a minimum of 10 out of 20 in the course.

**f. Upper-level credits:** at least 36 credits at the 3000 or 4000 level, including at least 18 credits at the 4000 level. This includes the 3000 and 4000 level credits in the major listed above (under major credits).

Glendon’s Honours iBA in ILST major requirement comprises 9 credits at the 3000 level and 12 credits at the 4000 level. Students will complete 60 ECTS (i.e. the equivalent of 30 credits) at the 3000 level during their third year at EM Lyon. They will further complete 60 ECTS (or 30 credits) at the 4000 level during their fourth year at EM Lyon.

**g. Credits outside the major:** at least 18 credits.

This requirement is fulfilled by means of the 15 credits of ADMI 1XXX courses and 6 credits of MATH courses that are mandatory in the dual degree program.

**h. Residency requirement:** a minimum of 30 credits at York and at least half (50 per cent) of the course credits required in each undergraduate degree program major/minor must be taken at Glendon.

In their first two years at Glendon, students will take at least 60 credits at York, including 33 out of 42 ILST major credits.

**i. Graduation requirement:** students must successfully complete (pass) at least 120 credits which meet the Faculty’s degree and program requirements with a cumulative grade point average of at least 5.00 (C+).

The average will be based on all courses taken at Glendon.

**Direction EM Lyon → Glendon**

In the Direction EM Lyon → Glendon, EM Lyon students will receive in their third and fourth years at Glendon a liberal arts education in International Studies and take advanced business administration courses. In collaboration with EM Lyon, we will create these advanced courses so that they align with the first two years of business study in France. Students will be encouraged to take these courses. Students will also have to take International Studies courses as outlined in Appendix A. Course descriptions are available in Appendix B. We demonstrate below how the requirements of Glendon’s Honours iBA in International Studies will be met:

**Program Requirements**
Honours iBA: 120 Credits

a. Major requirement: students must complete 42 credits in International Studies (ILST) and/or from the list of approved courses*, as follows:

- **GL/ILST 2644 6.00** International Society: History, Philosophy and Theories (3rd year at Glendon);
- **GL/ILST 2655 6.00** Global Geography: Physical and Human Aspects (3rd year at Glendon);
- **GL/ILST 2622 3.00** Culture, Globalization and International Civil Society (4th year at Glendon);

- 9 major credits at the 3000 level, as follows:
  - **GL/ILST 3250 3.00** International Economics and Development (4th year at Glendon);
  - **GL/ILST 3505 3.00** Research in International Studies (4th year at Glendon);
  - **GL/ILST 3650 3.00** International Peace, Security and Human Rights (4th year at Glendon);

- 12 major credits at the 4000 level, as follows:
  - **GL/ILST 4501 3.00** Séminaire Envol/Capstone Seminar (4th year; joint course between EM Lyon and Glendon);
  - 9 additional major credits at the 4000 level:
    - **GL/ILST 4260 3.00** International Finance (4th year at Glendon);
    - 6 more GL/ILST 4XXX credits at the student’s choice during their 4th year at Glendon;

- six additional major credits at any level:
  - **Économie et diversité du capitalisme**, 2.5 ECTS (1st year at EM Lyon);
  - **Cross Cultural Management**, 2.5 ECTS (1st year at EM Lyon);
  - **Mondialisation et géopolitique**, 5 ECTS (2nd year at EM Lyon);
  - **Cross Cultural Management**, 2.5 ECTS (2nd year at EM Lyon).

Courses taken to fulfill the major requirements may also be used to fulfill the iBA requirements.

*Note: The list of ILST approved courses is available in Appendix A.

b. General education requirement: every Glendon student shall complete the equivalent of at least six credits in each of three of the four general education divisions (for a total of 18 credits): humanities, modes of reasoning, natural science, social science.

The general education requirement is waived since EM Lyon students will have completed the equivalent of at least 60 credits in their first two years at EM Lyon.

c. Bilingual requirement: for the bilingual iBA, students must complete at least 18 credits in each official language (English and French). At least 6 of these credits must be completed at Glendon from the following two categories:
- French as a second language and/or in English as a second language at the 2000 level or above;
- discipline courses which are designated as satisfying the bilingual requirement.

The remaining 12 credits in either official language may be completed abroad.

Note that all but two of the ILST courses listed under the major requirement are offered in both languages every year. Students will also have the possibility of completing courses in both languages at EM Lyon. Consequently, students will be able to fulfil the bilingual requirement by making appropriate language choices.

d. Internationally-oriented course requirement: at least 12 credits of internationally-oriented courses.

This requirement is automatically fulfilled by the completion of ILST courses in the program.

e. Exchange requirement: at least one full term abroad as a full-time student at an institution with which Glendon and/or York has a formal exchange agreement.

Students will spend two years at EM Lyon. In order to receive credits for an EM Lyon course, students need to obtain a minimum of 10 out of 20 in the course.

f. Upper-level credits: at least 36 credits at the 3000 or 4000 level, including at least 18 credits at the 4000 level. This includes the 3000 and 4000 level credits in the major listed above (under major credits).

Glendon's Honours iBA in ILST major requirement comprises 9 credits at the 3000 level and 12 credits at the 4000 level. EM Lyon students will need to complete 6 more credits at the 4000 level and an additional 9 credits at the 3000 and/or 4000 levels during their two years of study at Glendon. Depending on their background and interests, EM Lyon students will be able to take courses at the 3000 and 4000 levels in business, economics, mathematics, political science, sociology, and/or Canadian studies.

g. Credits outside the major: at least 18 credits.

This requirement will be fulfilled by the business courses that the students will take, as well as the 6 credits of MODR or NATS courses.

h. Residency requirement: a minimum of 30 credits at York and at least half (50 per cent) of the course credits required in each undergraduate degree program major/minor must be taken at Glendon.
In their third and fourth years at Glendon, students will take at least 60 credits at York, including 36 out of 42 ILST major credits.

i. Graduation requirement: students must successfully complete (pass) at least 120 credits which meet the Faculty’s degree and program requirements with a cumulative grade point average of at least 5.00 (C+).

The average will be based on all courses taken at Glendon.

(iv) Mode of Delivery

The iBA Glendon – BBA EM Lyon dual degree program will be delivered in person at both Glendon and EM Lyon and will include an experiential education component. The curriculum and mode of delivery have been designed to ensure that they meet the iBA program learning expectations and University degree level expectations. There is no change in the mode of delivery or in the assessment of teaching and learning in the courses offered at Glendon and EM Lyon, with the exception of the Séminaire Envol / Capstone Seminar, which will be jointly offered by Glendon ILST and EM Lyon. This seminar will partly take place online. In particular, ILST courses require frequent essay assignments, classroom presentations, and case studies, all of which develop writing competencies and analytical and critical thinking; MATH, ECON, and ADMI courses require regular assignments and at times case studies.

(v) Assessment of Teaching and Learning

The methods for the assessment of student achievement of the dual degree program learning expectations and University degree level expectations comprise mainly those of the Honours iBA in ILST program. The Honours iBA in ILST program level expectations and learning outcomes appear in Appendix C.

(vi) List of Faculty

The Department and Program of International Studies currently comprises...

Professor Christina Clark-Kazak
Professor Stanislav Kirschbaum
Professor Jean Michel Montsion

Professors Elaine Coburn and Aymen Karoui have been hired and will join the program as of July 1, 2016.

Two new faculty members are in the process of being hired to deliver the business courses (denoted by ADMI) in the program.
Appendix A. Honours iBA in ILST and iBA-BBA Requirements

### General education requirement**:

Every student in the college shall complete the equivalent of at least six credits in each of three of the four general education divisions (for a total of 18 credits): humanities, modes of reasoning, natural science, social science. This requirement is satisfied via the completion of the courses GL/ILST/HUMA 2644 6.00, GL/ILST/SOSC 2655 6.00; and GL/MATH/MODR 1610 3.00 and GL/MATH/MODR 1620 3.00.

### Bilingual requirement**:

For the bilingual iBA, students must complete at least 18 credits in each official language (English and French). At least 6 of these credits must be completed at Glendon from the following two categories:

- French as a second language and/or in English as a second language at the 2000 level or above;
- Discipline courses which are designated as satisfying the bilingual requirement.

The remaining 12 credits in either official language may be completed abroad.

### Internationally-oriented course requirement**:

At least 12 credits of internationally-oriented courses. This requirement is met through the completion of the ILST courses in the program.

### Exchange requirement**:

Students need to spend two years at EM Lyon. In order to receive credits for an EM Lyon course, students need to obtain a minimum of 10 out of 20 in the course.

### Upper-level credits**:

At least 36 credits at the 3000 or 4000 level, including at least 18 credits at the 4000 level. This includes the 3000 and 4000 level credits in the major listed above (under major credits).
Glendon’s Honours iBA in ILST major requirement comprises 9 credits at the 3000 level and 12 credits at the 4000 level. Glendon students also need to complete 60 ECTS (i.e. the equivalent of 30 credits) in their third year at EM Lyon. These credits will be recognized as 3000 level credits. Glendon students further need to complete 60 ECTS (or 30 credits) at the 4000 level in their fourth year at EM Lyon. These credits will be recognized as 4000 level credits.

Credits outside the major*: at least 18 credits. This is satisfied via the completion of the ADMI courses (15 credits) and MATH courses (6 credits) in the program.

Residency requirement: a minimum of 30 credits at York and at least half (50 per cent) of the course credits required in each undergraduate degree program major/minor must be taken at Glendon.

Graduation requirement: students must successfully complete (pass) at least 120 credits which meet the Faculty’s degree and program requirements with a cumulative grade point average of at least 5.00 (C+).

*Note: please refer to the Rules and Regulations section of the Undergraduate Calendar for detailed requirement information.

**EM LYON Courses**

**Year 1**

**Méthodes d’enquête, 2.5 ECTS (FR)**

Les techniques d’enquêtes sont devenues des outils fondamentaux pour la décision en entreprise. Cependant ces techniques nécessitent à la fois une maîtrise pratique comme la prise de recul nécessaire des limites qu’elles contiennent. L’accent sera donné sur les biais cognitifs qu’entraînent ces techniques afin de les employer en ayant vérifié les conditions de validité de la méthode avec la problématique posée. La notion de validité des enquêtes et des méthodes sera donc au centre de ce module. L’accent sera mis sur la qualité des études documentaires préalable à toute enquête. Ce module permettra ainsi aux étudiants de développer leur capacité à construire une problématique d’enquête en lien avec une question de gestion, d’établir un protocole d’enquête adapté à cette problématique, d’en définir les limites, de coder les contenus en tenant compte de la validité représentative de ce codage et des biais de représentation graphique des informations délivrées. Au-delà des techniques d’enquêtes de base, ce module propose de mettre en application des techniques d’enquête par internet en mettant en évidence les erreurs et les limites que ces enquêtes entraînent (par exemple les erreurs d’échantillonnage, de couverture ou de non-réponse). En dernier lieu, il ouvre des connaissances plus singulières en techniques d’enquêtes qualitatives comme notamment la méthode Delphi ou les méthodes conversationnelles au travers des enquêtes focus-groupes ou des groupes d’expression. Il fera ainsi une présentation des techniques d’analyse vidéo-ethnographiques utilisées dans certains contextes plus restreints comme notamment les lieux publics (musées ou expositions). Le module est évalué au travers de différents livrables dont notamment l’organisation en groupe d’une enquête fondée sur les pratiques qualitatives et/ou quantitatives.

**Analyse de contenu et de données, 2.5 ECTS (FR)**

Le module permet d’acquérir les bases des modes de raisonnements probabilistes à partir d’analyse de données quantitatives et qualitatives. Ce module met en perspective la question plus large des systèmes d’information de l’entreprise et permet de prendre le recul nécessaire sur les techniques de représentation des données. Il développe la capacité à former les bases de mesures pour instruire les questions de gestion dans un domaine spécifique (marketing, RH, gestion des opérations ou finances). Il cherche à développer la faculté d’anticipation et la capacité de décision à partir des données quantitatives ou qualitatives tout en gardant un regard critique et créatif sur l’utilisation et les limites de ces techniques. Des compétences techniques sont développées dans le cadre de résolution de
problèmes simple : modèles de programmation linéaire, analyse de contenus, décisions statistiques à partir de la théorie des jeux, constitution et représentativité des échantillons, mise en forme de l’information en tableaux, graphiques et modélisations visuelles. Ce module est évalué à partir de plusieurs livrables (dossiers d’analyse, simulation de décision, méthode d’enquête).

**Rédiger un rapport, 2.5 ECTS (FR)**

**Trouver et analyser l’information Business, 2.5 ECTS (FR)**

**Compréhension de l’information comptable, 2.5 ECTS (FR)**

Le cours est une introduction à la comptabilité et à la finance. Il contribue à fournir des connaissances théoriques fondamentales en matière d’information comptable et financière : bilan, compte de résultat. L’objectif est de comprendre et de produire des états financiers. Il est évalué au travers de plusieurs livrables.

**Gestion financière, 5 ECTS (FR)**

L’objectif de ce cours est de donner aux futurs managers la démarche et les outils fondamentaux permettant d’améliorer la prise de décision managériale, en leur apprenant à quantifier précisément l’impact global de leurs décisions, qu’elles soient industrielle, commerciale ou organisationnelle.

**Economie et diversité du capitalisme, 2.5 ECTS (FR)**

**Gestion de projets et management d’équipes, 5 ECTS (FR)**

**Introduction au droit, 2.5 ECTS (FR)**

Le droit est un élément qui éclaire la prise de décision du manager. La compréhension du cadre juridique et la maîtrise d’une méthodologie rigoureuse permettent d’appréhender et de gérer les problématiques juridiques de l’entreprise. Le module apporte les fondamentaux du droit dans le fonctionnement des entreprises.

**Cross Cultural Management, 2.5 ECTS (EN)**

Essentials of Marketing, 5 ECTS (EN)

Le principal objectif de ce cours (en anglais) est de donner aux étudiants les clés pour comprendre les principales problématiques marketing auxquelles les entreprises sont confrontées. Il s’agit en particulier de comprendre les problématiques de segmentation-ciblage-positionnement ainsi que leur mise en œuvre à travers les 4P.

Histoires d’entreprises, grandes figures, success stories, 2.5 ECTS (FR)

Mathématiques et statistiques appliquées à la gestion, 5 ECTS (FR)

Le module permet l’acquisition des fondamentaux théoriques en termes d’outils quantitatifs (analyse, statistiques, etc.) appliquées à la gestion. Il permet le développement de compétences d’analyse quantitative.

Year 2

Sciences sociales et travail, 5 ECTS (FR)

Chaque étudiant doit en fin de cycle être capable d’utiliser les principaux concepts et grilles de lecture apportés au cours de l’année pour faire le traitement d’un cas d’entreprise sous différents angles pertinents. L’objectif du cours est d’être capable d’identifier et comprendre les comportements individuels et collectifs.

RSE et développement durable, 5 ECTS (FR)

Mondialisation et géopolitique, 5 ECTS (FR)

A l’heure de la globalisation et de la fragmentation du monde, le manager responsable doit comprendre l’environnement géopolitique qui conditionne de plus en plus les menaces et les opportunités de son entreprise. Pour cela il doit connaître le regard des géopoliticiens sur ce monde, comprendre les logiques en mouvement plutôt que les décrire.

Découverte entrepreneuriat, 2.5 ECTS (FR)

Approche financière du Business Plan, 2.5 ECTS (FR)

L’une des étapes les plus importantes pour le lancement, la reprise ou le développement réussi d’une entreprise ou d’activité est d’élaborer un plan financier bien construit et logique, reflet économique et financier du business plan. Il constitue pour l’entrepreneur une base précieuse tant pour apprécier le réalisme économique de son projet que, ultérieurement, pour conduire ses affaires. L’objectif est donc de se familiariser avec les outils et états financiers fondamentaux. Ils servent à mesurer et expliquer les performances économiques et financières de la firme, sa liquidité, sa situation patrimoniale et financière, ses risques, sa valeur.

Atelier de génération d'idées PI, 2.5 ECTS (FR)
Le module met en évidence les conditions d'animation d'un groupe de réflexion. Il constitue une introduction aux questions de l'intelligence collective et des group-thinks. Il permet de découvrir et de s'intenter de façon simplifiée aux techniques de génération d'idées et de créativité comme notamment les pratiques de brainstorming, pensée divergente, atelier d'idéation et méthode TRIZ. Il ouvre aussi un regard critique en s'appuyant sur les pratiques narratives d'idéation et le management de l'intelligence collective. L'approche utilisée développe la capacité à organiser un contexte créatif et soutenir les compétences complémentaires entre elles dans un cadre managérial, mais constitue aussi une ouverture au monde et à la société. La pédagogie du module utilise aussi bien une approche déductive à partir de connaissances formelles, qu'inductive à partir de séances vidéos en groupe de créativité. Le module fait l'objet d'une évaluation au travers de plusieurs livrables dont l'évaluation de la qualité d'un document multimédia.

Cross Cultural Management, 2.5 ECTS (EN)

Le module (en anglais) permet l'acquisition de connaissances avancées en termes d'évolution dans un environnement multiculturel. Il fournit une compréhension du concept de culture à travers une approche anthropologique et historique. Il permet également d'analyser les différentes cultures nationales. Les postures cibles sont l'ouverture sur le monde et la société, le regard décalé et l'ouverture multidisciplinaires.

**Conduite du changement, 5 ECTS (FR)**

Dans la continuité des acquis du cours de comportement organisationnel, ce cours a pour but d’approfondir les aspects collectifs au sein d’une organisation pendant un processus de changement. En tant que futurs professionnels RH, vous serez constamment sollicités pour déployer des outils, élaborer des plans d’action pour vous assurer d’un succès de la conduite du changement au sein de l’entreprise. Pour être un bon manager en général, il est important de savoir comprendre ce qui se passe dans un contexte en constante évolution. En tant que manager en charge des RH, vous aurez à trouver des moyens pour sensibiliser, rassurer et engager les managers opérationnels et garantir
l’implantation durable du changement. Ce cours vous offrira un éclairage des processus collectifs de résistance au changement, liés à des aspects sociaux et culturels au sein des organisations.

**Leadership et management d’équipe, 5 ECTS (FR)**

Ce cours s’adresse aux étudiants qui souhaitent développer une compréhension approfondie du leadership en tant que processus d’influence. Nous discuterons des fondements théoriques du leadership, et une grande part de ce cours sera consacrée à l’étude de l’état actuel des sciences comportementales en rapport à ce processus. Nous nous appuierons sur des travaux empiriques de diverses disciplines (notamment de la psychologie appliquée et de l’économie comportementale) pour comprendre ce qu’est le leadership efficace et les obstacles inhérents à ce processus. Nous discuterons des questions et problématiques éthiques en lien avec le leadership et notamment la question du pouvoir.

**Gestion de projets complexes, 5 ECTS (FR)**

L’objectif du cours est double : il permet de comprendre et de maîtriser l’ensemble des éléments permettant d’analyser un projet entrepreneurial ou de développement. Il consiste donc à donner une compétence d’expertise aux étudiants de manière à ce qu’à l’issue du cours, ces derniers puissent avoir une capacité d’analyse experte d’un projet. Les outils ou méthodes proposés permettent aussi, une fois pointées les lacunes d’un projet, de proposer des pistes d’amélioration du projet de manière à le rendre plus solide.

**Management des opérations, 5 ECTS (FR)**

L’objectif de ce module est de :
- Présenter un panorama des différentes activités couvertes par le management des opérations (gestion des stocks, planification de la production, suivi des opérations, organisation industrielle).
- Situer ces activités dans leur relation avec les autres activités de l’entreprise.
- Présenter les problématiques, concepts et outils principaux du management des opérations (gestion des flux, adéquation charge/capacité, maîtrise de la flexibilité opérationnelle, …).

**Digital Marketing, 5 ECTS (EN)**

This course is dedicated to digital marketing. Its goal is to give students the main tools to apprehend the role and consequences of internet on marketing. The course provides a series of strategic frameworks for managing marketing strategies in the digital marketplace. The emphasis is on the development and application of conceptual models which clarify the interactions between competition, patterns of technological and market change, and the structure and development of internal firm capabilities.

**Consumer Behavior, 5 ECTS (EN)**

We live in a consumer society in which consumption plays a key role. Hence, everyone is presently a consumer and the practices of buying and consuming seem obvious. This course aims at deconstructing the blackbox of consumption and at understanding the main concepts of consumer behavior.

**Life Science & Health Care Evolution, 5 ECTS (FR)**

Appendix C. Honours iBA in ILST Program Level Expectations and Learning Outcomes

Glendon Department of International Studies

The Departmental program aims to develop a systematic understanding of the problems and potentialities of international society, with special reference to its theoretical, strategic, legal, economic and cultural dimensions. To facilitate the pursuit of systematic knowledge and, at the same time, enhance the identity, coherence and visibility of the academic program, core courses are offered in each of these dimensions. Core courses explore the historical, philosophical, theoretical and methodological foundations of the various dimensions of international society. In combination, they should greatly strengthen the students’ capacity for a more genuine interdisciplinary and multicultural analysis of international relations. The fourth year seminar plays a key role in this effort by linking theoretical and methodological issues with students’ research activities and internship experiences. An Annual International Studies Symposium also offers to a limited group of students the opportunity to organize an international conference on the region or country chosen, which enables them to bring together many aspects of their undergraduate experience.

The curriculum is based on three pillars, Culture and International Civil Society; Resources and Wellbeing; and Order and Security, which open the door toward the specialized study of these fields of interest. The department offers 37 courses, of which 15 are offered in both languages and students can also enroll in 56 courses, offered by other departments, which are recognized as ILST course equivalents. The curriculum comprises of seven core courses at the 2000 and 3000-level that give all DIS students an interdisciplinary understanding of international society that is as comprehensive as possible. The remaining ILST credits, most of which are 4000-level courses are specialized courses that pertain to one or more of the three pillars of the programme.

The program of study thus equips students with the required analytic tools and challenges them to think constructively towards the creation of a more peaceful, humane and just world order. Due consideration is paid to the role of Canada and Francophone and Anglophone cultures in this process. Particularly significant, in this era of globalization, is the program’s emphasis on a broad interdisciplinary and multicultural conception of international society. Students are also actively encouraged to acquire proficiency in several foreign languages as well as relevant international experience, through inter-university exchanges, professional internship, and an international symposium. The department also offers the International Bachelor of Arts (iBA) through its internationally-oriented courses and an international exchange.

Chair
Faculty Council
Glendon College

Dear Chair,

I am pleased to support the proposal to establish at Glendon a Dual-Degree Program iBA Glendon – BBA EM Lyon. This program will be housed in Glendon’s Department of International Studies and will build in part on existing expertise from the Department. It is a truly innovative program that will further advance Glendon’s global focus.

This B.A. program will be secured through funding provided under the Ministry of Training, Colleges and Universities action plan for the expansion of French-language postsecondary programming in Central and Southern Western Ontario.

A search for three tenure-track professor positions commencing on July 1, 2016 was approved by the Vice-President Academic and Provost and is currently underway.

Sincerely,

Donald Ipperciel
Principal, Glendon College
