

Motion from the PPNC

For reasons set out in the rationale below, it is the opinion of Council that classes should not be held in the event of a CUPE 3903 strike.

Rationale:

Holding classes during a strike will compromise the academic integrity of our programmes. Safety and security of our students is a paramount concern. Uncertainty generates student and faculty anxiety and negatively impacts mental health. Therefore, the clarity provided by suspending all classes for the duration of the strike safeguards academic integrity, and promotes student safety and student and faculty mental health.
