ABOUT OUR PROGRAM

OUR MISSION

Canadian Studies makes it possible for you to study Canada, its people and culture in depth, and ensures that the specialized knowledge gained from this study will be recognized in your degree. The program is multidisciplinary as well as being interdisciplinary.

OUR PROGRAMS

We have drawn our courses from eight different departments and programs: Economics, English, French, History, Political Science, Sociology, Multidisciplinary Studies (Humanities, Natural Sciences, and Social Sciences), and Gender, Sexuality and Women's Studies. The choices are diverse, like the country.

Each program of study is individually designed by the student and the Coordinator of Canadian Studies according to the student’s needs and interests.

For detailed Canadian Studies program requirements, please refer to the Undergraduate Calendar applicable to your year of entry into the program.

For further information, please call 416.487.6707 to request an appointment.

WHAT CAN YOU DO WITH A CANADIAN STUDIES DEGREE?

A Canadian Studies degree provides an excellent background for careers in a number of fields, including teaching, journalism, and other media work, politics and public administration, social and economic research, and many aspects of business and public relations.
FREQUENTLY ASKED QUESTIONS

HOW MANY COURSES DO I NEED IN MY MAJOR/MINOR?

The number of courses required in the major/minor varies according to the program and concentration which you wish to pursue. Specific program requirements are outlined in the York University Undergraduate Calendar. Please review them carefully and if you have any questions, please contact the Office of Academic Services.

CAN A COURSE BE USED TO SATISFY THE REQUIREMENTS OF MY MAJOR AND MY MINOR?

A cross-listed course can be used to satisfy the requirements of your major OR of your minor, but not both.

CAN A SINGLE COURSE BE USED TO SATISFY THE REQUIREMENTS OF MY MAJOR AND MY GENERAL EDUCATION REQUIREMENTS AT THE SAME TIME?

Cross-listed course can be used to satisfy the requirements of both your major and your General Education requirements. For example, GL/PSYC 3680 3.0 (EN) which is cross-listed with GL/NATS 3680 3.0 (EN) will count for 3 credits only, but it satisfies two requirements (major requirement in Psychology and General Education requirement in Natural Science).

IF I COMPLETE THE MINIMUM REQUIREMENTS FOR MY MAJOR AND THEN TAKE ADDITIONAL COURSES IN MY MAJOR, WILL THE ADDITIONAL COURSES BE INCLUDED IN MY AVERAGES?

YES. All courses taken are included in the calculation of your cumulative overall and major grade point averages.
WHAT GRADE POINT AVERAGES DO I NEED TO GRADUATE?

WHAT DOES ACADEMIC PROBATION MEAN?

Students are placed on academic probation because their averages are below the requirements for their level. Once students are placed on academic probation, they must watch their averages very carefully - obtaining grades of D+ and below while on probation will result in debarment from the University for two years. Therefore, passing courses at the University level is not sufficient. Students must maintain the minimum averages for their level published in the York University Undergraduate Calendar (Glendon section) to be eligible to continue in their program at Glendon Campus.

I WOULD LIKE TO TAKE A COURSE AS A VISITING STUDENT AT ANOTHER UNIVERSITY?

Before applying to become a visiting student at another university, you need to obtain a Letter of Permission (LOP), which is available from the Academic Services, Room C105 York Hall. If the course which you wish to take is in your major, the authorization of your major department/program is required.

WHAT IS THE TRILINGUAL AND BILINGUAL PROGRAM (IBA)?

The international Bachelor of Arts (iBA) programs offer a top-quality liberal arts education with an international perspective. Available as a bilingual or trilingual program, the iBA allows a student to reflect on international issues within and beyond their area of specialization. For more information, please visit the website of the Recruitment and Liaison: http://www.glendon.yorku.ca/iba

WHAT ARE ACADEMIC ACCOMMODATIONS?

Academic accommodations are adjustments to the learning environment that support your academic endeavours while at the same time maintaining the essential academic requirements of the course and program of study. Academic Accommodation for Students with Disabilities Procedures:
Academic Advising & Resources

Glendon's Office of Academic Services provides a range of registration and support services to students. This office is responsible for maintaining the integrity of student academic records and offers information on University and College rules and regulations, courses and registration, grade reporting and degree audit, graduation and transcripts, and academic advising. You will be able to obtain information on all academic matters from initial registration through to graduation.
