| CLOTHING | <p>In Canada, we recommend wearing "layers". The Glendon campus, shopping centers and public transportation are constantly heated. Therefore, if you wear clothes that are too thick, you may get too hot. It is better to wear layers of light clothes and remove them whenever you want. If you own any winter gears (down jacket with a protective hood, ski pants, snow boots...), we strongly recommend that you bring them with you. If you do not own any winter gear or wish to buy additional ones, we strongly suggest that you buy them in Canada as the quality will be better and more adapted to the Canadian climate.</p> <ul style="list-style-type: none"> • Winter jackets retail shops : Roots, Canada Goose, Columbia |
